

MLB 2014 Opening Day Rosters

December 26, 2014

An email exchange with Mark from <http://digitaldiamondbaseball.com/> He mentioned that one of his gamers has created 2014 Opening Day Rosters and Transactions.

One of my users (Larry Ryall) created a 2014 real-life transactions file (with call-ups) for use with Digital Diamond Baseball. They also have created a 2014 opening day roster file.
