

MLB Complete Team Rosters

December 26, 2014

Using Sean Lahman's Baseball Database <http://www.seanlahman.com/baseball-archive/statistics/> I created several queries to create a roster list, by team, by season that looks like this:

yearID	franchName	teamID	lgID	nameLast	nameFirst	Pos	bats	throws
1871	Boston Red Stockings	BS1	NA	Barnes	Ross	2B-SS	R	R

The latest database is 1871 to 2013. Typically, the new database shows up in Jan/Feb, so I will update with 2014, once I have that database.
