

## **MLB Roster Size Rules (with permission from Clifford Blau)**

December 26, 2014

I initially found this file on the internet, but Clifford Blau emailed me, asking me why I republished his article without attributing it to him, which is in violation of copyright laws). I apologized and he accepted that apology and told me it was ok to host the file if I give him credit for it. I am also including a link to his wonderful research web site.
